

HOLIDAY LIGHTING

LOOKBOOK

Residential + Commercial

Custom design. Professional installation. Complete seasonal service.

— ONE PARTNER FOR THE ENTIRE SEASON

A polished holiday display should feel effortless.

Deck the Halls brings the design eye, commercial-grade materials, field leadership, and seasonal service needed to make every property look intentional.

RESIDENTIAL

Make home feel unmistakably festive—with a custom plan built around your architecture, landscape, and preferred color story.

COMMERCIAL

Create a memorable arrival for customers, residents, guests, and teams—supported by reliable seasonal operations.

RESIDENTIAL INSPIRATION

Timeless warm white

Clean rooflines, balanced wreaths, and restrained architectural accents create a welcoming look that complements the home instead of competing with it.

DESIGN NOTES

- Warm white C9 roofline
- Symmetrical wreath placement
- Porch and architectural accents
- Landscape lighting as a finishing layer

Light the way—and the landscape.

Pathway stakes

Line sidewalks, driveways, and landscape borders with a clean, welcoming rhythm of light.

Lighted spheres

Staked • Suspended • Placed on the ground

Create a place to stop, gather, and remember.

Walkthrough ornament

A high-impact photo moment that invites guests to step inside the display and become part of the experience.

A seasonal program your property team can count on.

Commercial projects require more than a good design. They need clear ownership, responsive communication, and disciplined execution.

01 Custom property design

A tailored scope aligned with the property, brand, guest experience, and budget.

02 Field coordination

An operating plan for access, installation timing, safety, and property communication.

03 Seasonal maintenance

Support throughout the display period to keep the presentation looking right.

04 Takedown + storage

Organized removal and storage simplify the next season and protect continuity.

Let's design a season worth remembering.

Residential and commercial inquiries are handled by the specialist best equipped to move your project forward.
